

# In Recognition of Regina Hall

Notre Dame College honored the donors and workers who helped make its \$3 million Regina Hall Renovation project a reality with a ribbon cutting ceremony, blessing and dedication of the newly remodeled learning spaces. With these words from President Thomas G. Kruczek and College Chaplain Fr. Edward E. Mehok, Notre Dame rejoiced in recognition of Regina Hall.

*"We thank God now for the women and men who gave time, talent, treasure and energy to create this academic space. Thank you to the dreamers who conceived of this new space. Thank you for our generous donors . . . Lord Jesus Christ, we entreat You to bless this building destined for the education of so many young adults. Send Your angels to keep guard here and drive away any spirit of fear, frustration or hopelessness . . . Inspire the teachers with knowledge, wisdom and joy. Foster in each student Your grace so that they may grasp, retain and put into practice the lessons they are taught. May teachers, tutors and students alike please You by living truly mindful and good lives."*

# In Recognition of Leadership . . .

The renovated 15,000 square feet on the third floor of the south wing in Regina Hall is taking shape as an innovative clinical learning resource center; interactive, technology-enhanced classrooms; and offices for the Division of Nursing and other faculty. This new Division of Nursing was made possible by a leadership gift from Michael and Marian Shaughnessy and a donation from the Parker-Hannifin Foundation, among other contributors. It is an honor for new Division of Nursing Chair Patrice McCarthy and Notre Dame Trustee Joan McCarthy.

## ... and Learning

The renovation project also included remodeling approximately 12,500 square feet on the second floor of the south wing in Regina Hall into nearly 30 separate rooms, including private tutoring and testing spaces and a conference area, for the Notre Dame College Academic Support Center for Students with Learning Differences. Patrons of the new Academic Support Center area include the Smiley Family Charitable Foundation and John and Stella Hetzer '59, among other benefactors. The College also has established an endowment goal of \$1.5 million to name the Academic Support Center for Gretchen Noetzel Walsh, the director, and her father, Arthur J. Noetzel.

---

*"Bestow Your peace and blessing on this space and the donors, teachers, advisors, tutors and students in full measure. Using their gifts, may they leave this place to minister faithfully and lovingly to Your people."*
