

NOTRE DAME
COLLEGE

WARM-UP WEEK

July 30 – August 3, 2018

Jumpstart your transition from high school to college

College freshmen often find the transition from high school to college overwhelming. This week will provide you with the tools you need to manage the increased reading and writing demands required of college students. Our program will help you sharpen your skills and enhance your college experience.

COURSE CONTENT INCLUDES

Research Skills: Read critically, analyze varied texts, evaluate online sources.

College Writing: Generate and support ideas with concrete details; revision strategies.

Learning Strategies: Explore learning preferences and develop techniques to optimize learning.

Note-taking Skills: Learn how to effectively organize, record and review notes from lecture and text.

Test-taking Strategies: Reduce test anxiety and get test-taking tips.

Reading Comprehension: Become a strategic college reader: author's purpose, critical inquiry, metacognition, and self-regulation, SQR3.

Time Management: Beat procrastination, prioritize, schedule, set goals.

Self-Advocacy: Recognize and meet the needs specific to your learning difference to become an independent decision maker.

Assistive Technology: Introduction to ASC assistive technology. Set up and use Livescribe pen.
