

Gradebook

The **Gradebook** area of Moodle will display your grades and marks for course assignments.

To view your grades, you will need to toggle open the **Navigation Drawer**. Do this as follows:

1. Click the Navigation Drawer button that is located in the upper left corner of all Moodle course pages (this button looks like three horizontal lines – see image).
2. When the left side navigation opens, scroll down until you see **Grades**. Click on it.

3. Graded items will display with the grade, scoring range of the assignment, percentage, feedback from the instructor, and other information. If you have any questions about a graded assignment, contact your instructor.
