

NOTRE DAME

C O L L E G E

DIVISION OF NURSING

Simulation: The A, B, C's & Debrief

This two day seminar will allow simulation colleagues from across the area, whether new or experienced in the field, to network, share ideas and learn techniques and principles in the areas of simulation objectives, pre-briefing, simulation modalities, and debriefing. Participants will interact with each other, learn best practices and begin to form the basis for simulation activities to take back to their own institutions.
