The Notre Dame College Police Department is on duty 24 hours a day, 365 days a year, and is fully equipped to respond to any emergency that may occur on campus. It is recommended that in an emergency or disaster situation that you contact the Notre Dame College Police Department at the appropriate emergency telephone number. You may also call the 9-1-1 emergency system as well. If you are calling from a cell phone, you may be asked your location so your call is routed to the City of South Euclid Emergency Communications Center. If you are calling 9-1-1 from an on campus telephone, you will need to dial 9-9-1-1. Dialing the first “9” will pick up an outside line which will then handle the additional digits.

The Notre Dame College Police Department requests that if you dial 9-1-1 to report an emergency, immediate contact campus police at the campus emergency telephone number listed above. This will allow campus police to meet and coordinate with first responders, and to direct them to the location of the emergency on campus.
