

Visiting Instructor of Biology

Start Date: August 1, 2020

Notre Dame College, a Catholic institution in the tradition of the Sisters of Notre Dame, educates a diverse population in the liberal arts for personal, professional, and global responsibility. Nestled in the eastern suburbs of Cleveland, our small, co-ed college features small class sizes and a comfortable atmosphere in a community of learners. As a teaching focused institution, our fulltime science faculty carry a load of 12 credits per semester.

The Notre Dame College Department of Biology seeks a faculty member with interest in contributing to an expanding program in Biology with a focus Cell and Molecular Biology and Genetics.

Job duties will include:

1. Design, develop, and teach courses within the biology major, focusing on cell and molecular biology and genetics

Academic qualification:

Ph.D. in Biology (or related field) preferred; master's degree required.

Other qualifications:

- Ability to develop and assess student-learning outcomes at the course and program level
- Ability to teach diverse learners using a variety of teaching strategies

Applications should be received for committee review by June 12, 2020. To ensure full consideration, submit a letter of application, *curriculum vitae*, a statement of your teaching philosophy, evidence of previous teaching (e.g., syllabi, course outlines, etc.), and a statement of research plans to careers@ndc.edu.
